| Title                                                                                                                        | URL | Authors                                                                                              | Host item title |
|------------------------------------------------------------------------------------------------------------------------------|-----|------------------------------------------------------------------------------------------------------|-----------------|
| Chemical imaging of organic materials with MeV SIMS using a continuous collimated ion beam                                   |     | Siketić, Zdravko; Bogdanović-Radović, Ivančica; Barac, Marko; Brajković, Marko; Siketic, Zdravko     |                 |
| Razvoj kapilarne mikrobe za masenu spektrometriju korištenjem iona megaelektronvoltnih energija                              |     | Brajković, Marko                                                                                     |                 |
| Low energy MeV SIMS yield measurements of various inorganic samples                                                          |     | Barac, Marko; Siketić, Zdravko; Brajković, Marko; Bogdanović-Radović, Ivančica                       |                 |
| MeV SIMS analysis of irradiation effects on molecular signatures                                                             |     | Barac, Marko; Siketić, Zdravko; Brajković, Marko; Krmpotić, Matea                                    |                 |
| MeV TOF SIMS determination of deposition order between optically distinguishable and indistinguishable inks                  |     | Barac, Marko; Bogdanović-Radović, Ivančica; Brajković, Marko; Siketić, Zdravko                       |                 |
| Spatially resolved metabolic composition in seeds of common bean: comparison of the low phytic acid mutant and the wild type |     | Barac, Marko; Siketić, Zdravko; Bogdanović-Radović, Ivančica; Brajković, Marko                       |                 |
| Imaging of Organic Samples with Megaelectron Volt Time-of-Flight Secondary Ion Mass Spectrometry Capillary Microprobe        |     | Brajković, Marko; Bogdanović-Radović, Ivančica; Barac, Marko; Cosic, Donny Domagoj; Siketić, Zdravko |                 |
| Development of MeV TOF-SIMS capillary microprobe at the Ruder Boskovic Institute in Zagreb                                   |     | Brajković, Marko; Barac, Marko; Cosic, Domagoj Donny; Bogdanović-Radović, Ivančica; Siketić, Zdravko |                 |
| Dependence of MeV TOF SIMS secondary molecular ion yield from phthalocyanine blue on primary ion stopping power              |     | Brajković, Marko; Siketić, Zdravko; Bogdanović-Radović, Ivančica; Barac, Marko                       |                 |
| Primjena pozicijsko osjetljivih PIN dioda u EBS spektrometriji                                                               |     | Brajković, Marko                                                                                     |                 |
